

Double the Value of Your Operator's Service.

The employer who considers his employees as well as himself will secure a better days work. The light key action—an inclusive Monarch feature—so lightens the operator's labor that she turns out a greater volume of work, proportionately increasing the value of her services. The thoughtful employer must appreciate

Monarch LIGHT TOUCH

Send for Monarch literature—it thoroughly explains Monarch construction. Try the Monarch you will at once learn that its superiority actually rests in the machine itself, not merely in what we say about it.

MONTHLY PAYMENTS

Monarch machines may be purchased on the monthly payment plan. A post card will bring full particulars.

Don't Let Your Money Loaf

If you have much or little money, better have it earning something.

Money makes money only when it is put to work. Remember, all fortunes had their foundations laid in saving. It isn't thrifty to let your money lie idle, particularly when a strong financial institution would pay you 4 per cent interest on it, compounded semiannually.

We are doing this for hundreds.

General News Items.

G. Noise, the postmaster at Dudley turned over the office to Dr. Kerr Oct. 1st, after holding the office 14 years, 2 months and 15 days. His commission was issued by Postmaster General Gary, June 22d, 1897, and he took charge July 15, 1897. Mr. Noise has a remarkable record for long and faithful service. During his entire service he has been absent only two weeks.

Last Friday morning at about 3 o'clock fire broke out in the frame structure south of the bank, known as the Star restaurant, owned by Henry Hunt, at Bernie. The citizens were aroused by the firing of guns and pistols, and soon quite a crowd had gathered to witness the conflagration. The building being constructed of wood was soon a seething mass of flames making a terrific heat. Hunt lost everything in the building.

The venerable Bishop Thomas R. Nelley, president of the Methodist Episcopal conference in session in Brookfield, is opposed to "Oslerism" as applied to clergymen and in a talk on that subject Sunday said the persistent demands of many churches for young preachers reminded him of the scriptural text: "Send us a kid that we may make merry."

It is rumored, and very reliably, that on the first day of October the Current River Telephone Company will discontinue their service at Van Buren, and shortly thereafter will move their equipment from the town. It would seem that the business is not a paying one here.

Rev. A. M. Ross has been conducting a successful meeting at Pleasant Grove Baptist church. Mr. Ross is a forceful and eloquent preacher and his sermons abound with gospel reasoning. Reports from his work at Pleasant Grove show that a great good has been accomplished during the recent meeting, good attendance at all the services being an evidence of much good for the church and all who attended.

We are glad to note the reappearance of E. H. Smith, who takes charge of the Charleston Courier after an absence of one year. He has been engaged in the automobile business at Clinton, Ky., since leaving newspaper work, but he could not resist the smell of ink, with the above result.

There was considerable excitement in town yesterday on account of the appearance of a dog afflicted with hydrophobia. A large number of dogs are known to have been bitten. It would be well for all dog owners in the city to keep them confined for the next five or six weeks to see what the result will be, otherwise the mayor is liable to order a wholesale killing of dogs.—Essex Leader.
